

## Highlights of 3<sup>rd</sup> phase of COVID-19 vaccination

- The nationwide COVID-19 Vaccination drive was launched on 16<sup>th</sup> January, 2021. This is now to be exponentially expanded to the following age-groups from 1<sup>st</sup> March, 2021:
  - i) all citizens above 60 years of age, and
  - ii) those within the age bracket of 45 to 59 years with specified co-morbidities
- With a citizen –centric approach, the fundamental shift in this phase is that citizens in the identified age groups, as also those healthcare workers and frontline who have been missed out or left out of the present phase of vaccination, can select vaccination centres of their choice.
- Secondly, the private sector hospitals will be involved as COVID Vaccination centres
- All COVID Vaccination Centers (CVCs) will be health facilities as under:
  1. Government health facilities such as PHCs, CHCs, Ayushman Bharat Arogya Karnataka empaneled hospitals, Taluk hospitals, District Hospitals, Government Medical College Hospitals.
  2. All Private Hospitals empaneled under Central Government Health Scheme (CGHS), Ayushman Bharat- Pradhan Mantri Jan Aarogya Yojana (AB-PM JAY) and Ayushman Bharat Arogya Karnataka Schemes.
- These COVID -19 vaccination centres (CVCs) will have:
  - a. Basic cold chain equipments for storing the vaccine vials
  - b. Adequate space for the vaccination process
  - c. Own team of vaccinators and staff;
  - d. Adequate facility for management of any AEFI cases.
- All beneficiaries, regardless of the mode of access, are advised to carry any one of the following photo ID documents:
  - Aadhar Card
  - Electoral Photo Identity Card (EPIC)
  - The Photo ID card specified at the time of registration in case of online registration (if not Aadhar or EPIC)
  - Certificate of co-morbidity for citizens in age group of 45 years to 59 years (signed by a registered medical practitioner)
  - Employment certificate/ Official Identity Card – (either but with photo and date of birth) for HCWs and FLWs

Registration will be through 3 routes:

**(i) Advance Self-Registration:**

The beneficiaries will be able to self-register in advance by downloading the CO-Win 2.0 portal and through other IT Applications such as Arogya Setu etc.

**(ii) On-site Registration:**

Facility of On-Site registration allows those who cannot self-register in advance to walk into the identified COVID Vaccination Centres and get themselves registered on-site and then vaccinated.

**(iii) Facilitated Cohort Registration:**

- a. Under this mechanism, the State/UT Government will take proactive lead. Specific date(s) for COVID vaccination will be decided where target groups of potential beneficiaries will be vaccinated.
  - b. The State/UT health authorities will ensure that that the target groups are actively mobilized and brought to the vaccination centres. ASHAs, ANMs, Panchayati Raj representatives and Women's Self-Help Groups (SHGs) will be utilized for mobilizing the target groups.
- Under all the above three routes, all beneficiaries would be captured on Co-WIN2.0 platform and would be issued digital QR Code based provisional (on receiving the first dose) and final (on receiving second dose) certificates.
  - These can be downloaded from the link shown in the SMS the beneficiary shall receive after the vaccination. Print out of these certificates can also be taken from the Vaccination Centres.
  - Vaccination will be free of charge at the Government Vaccination Centres.
  - Those taking the COVID vaccine at any designated/empaneled private health facility will have to pay Rs.250 per person per dose which includes Rs.100 service charge and Rs. 150 which would be deposited to Government of India specified account.

## **Implementation plan in state**

- People aged 60 years and above and those between 45-59 years suffering from specified co-morbidities supported by a certificate by registered medical practitioner will be vaccinated

### **Annexure 1(A): List of specified Comorbidities for determination of eligibility of citizens in age group 45 to 59 years**

#### **SN Criterion**

- 1 Heart Failure with hospital admission in past one year
- 2 Post Cardiac Transplant/Left Ventricular Assist Device (LVAD)
- 3 Significant Left ventricular systolic dysfunction (LVEF <40%)
- 4 Moderate or Severe Valvular Heart Disease
- 5 Congenital heart disease with severe PAH or Idiopathic PAH
- 6 Coronary Artery Disease with past CABG/PTCA/MI  
**AND** Hypertension/Diabetes on treatment
- 7 Angina **AND** Hypertension/Diabetes on treatment
- 8 CT/MRI documented stroke **AND** Hypertension/Diabetes on treatment
- 9 Pulmonary artery hypertension **AND** Hypertension/Diabetes on treatment
- 10 Diabetes (> 10 years **OR** with complications) **AND** Hypertension on treatment
- 11 Kidney/ Liver/ Hematopoietic stem cell transplant: Recipient/On wait-list
- 12 End Stage Kidney Disease on haemodialysis/ CAPD
- 13 Current prolonged use of oral corticosteroids/ immunosuppressant medications
- 14 Decompensated cirrhosis
- 15 Severe respiratory disease with hospitalizations in last two years/FEV1 <50%
- 16 Lymphoma/ Leukaemia/ Myeloma
- 17 Diagnosis of any solid cancer on or after 1st July 2020 **OR** currently on any cancer therapy
- 18 Sickle Cell Disease/ Bone marrow failure/ Aplastic Anemia/ Thalassemia Major
- 19 Primary Immunodeficiency Diseases/ HIV infection
- 20 Persons with disabilities due to Intellectual disabilities/ Muscular Dystrophy/ Acid attack with involvement of respiratory system/ Persons with disabilities having high support needs/ Multiple disabilities including deaf-blindness

- In the initial phase all taluk level hospitals, district level hospital and 2 identified private hospitals from each district and major hospitals of Bangalore and 18 private health facilities from BBMP will implement COVID-19 vaccination from 1<sup>st</sup> March.
- In the initial few days, vaccination will be done only for the online registered beneficiaries in urban and private facilities and both on-site and online in rural areas.
- Moving forward state will scale up the vaccination for other mode of registration also and ramp up the number of facilities.
- As per criteria specified by GoI, everyone under specified age group will have a

chance to get vaccinated which would be deposited to Government of India specified account.

- List of health facilities which will be starting vaccination is annexed.
- Vaccination days will be 4 days per week i.e Monday, Wednesday, Friday and Saturday in government facilities and all working days in private hospital. From 1<sup>st</sup> March vaccination time will be 12 PM to 5 PM and later will be modified. Number of vaccinations per day would be limited to 200 per session site and will be served on first come first serve basis. However, online registered beneficiaries would be allotted specific time in a day.

#### ANNEXURE – 1

Sl. no.	Name of the district	Name of facilities selected for 3rd phase COVID-19 vaccination	Type of hospital (District hospital/Taluk hospital/Govt. Medical college/Private hospital)
